## Welcome to Metz Farm

This is our Third Annual Sale. When it was started in 1954 we made it very clear that we intended to improve the quality in each succeeding sale. Those who have attended the earlier sales will agree that we lived up to our aim and that quality has been everything we said it would be.

Although our start has been modest from the standpoint of prices, we are encouraged to believe that the scope is enlarging and that more people are learning of the excellent individuals and bloodlines available in this sale. A total of 103 head have been sold in the two former sales to buyers from nine widely scattered states. By letter and word of mouth, the message has come back to us from many buyers that "we received more for our money in your sale than we have ever received elsewhere." Such statements spur us on and again we feel safe in assuring prospective buyers that they will find the 1956 sale offering to be our best.

We hope you will do us the honor of attending our sale. Speaking for all of the consignors, I bid you welcome.

Thorp Metz

## A Word From the Sale Manager

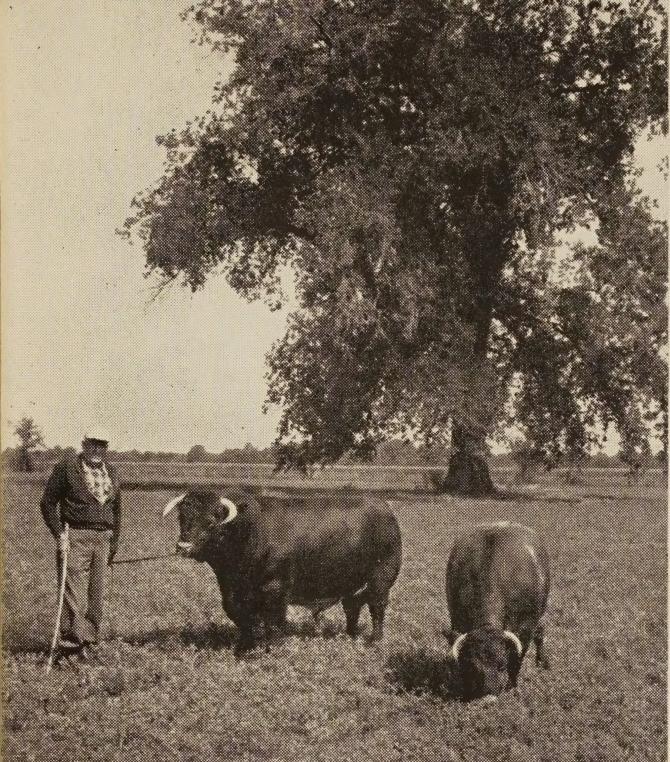

It is a pleasure to work with the five breeders who consign cattle to this annual sale. All have similar objectives and their aims are high. All started their herds on foundations of exceptional quality, all have used sires of unusual merit, and all are willing to consign their best productions to this sale. The sale is a natural to be tied in with the annual Leveldale sale because the consignors have strengthened their herds regularly through liberal purchases of Mathers bred and Mathers imported animals.

Particular attention is called to the fact that this is an excellent place to buy herd heading bulls as well as herd improving females. Aware that prospective bull buyers will not travel far unless a good selection is assured, the consignors hold their top bulls for this sale. There will be 15 bulls from which to make selections and they are bred right and of the right type to head great herds.

Fine reports have come from those who have made purchases in the two preceding Metz Invitational sales. I am very sure that the 43 head listed in this sale will add more friends to an already large circle of satisfied buyers.

Hal Longley

of The Shorthorn World.

## Very important dates . . .

Want to make an interesting Short-horn trip, a trip that will be filled to the brim with both pleasure and profit? Then follow this itinerary!

### Saturday, November 3

Attend the Metz Invitational Sale at Williamsville, Illinois.

### Sunday, November 4

Spend the day at Leveldale Farms and the farms of consignors to this sale.

### Monday, November 5

Attend the Mathers Bros. Sale at Leveldale Farms, Mason City, Ill. These two important sales are only 30 miles apart.

Dr. Arthur H. Weiland, owner of Elmcrest Farms, consignor to this sale, poses in the pasture with two of the most famous animals of the breed, Phopachy Huntsman, great breeding son of Kirkton Baronet and Craigeassie Rosewood Peach, grand champion female at the 1955 Perth Show in Scotland. The latter is a grand daughter of Calrossie Welcome. An un-retouched photo by Abernathy.

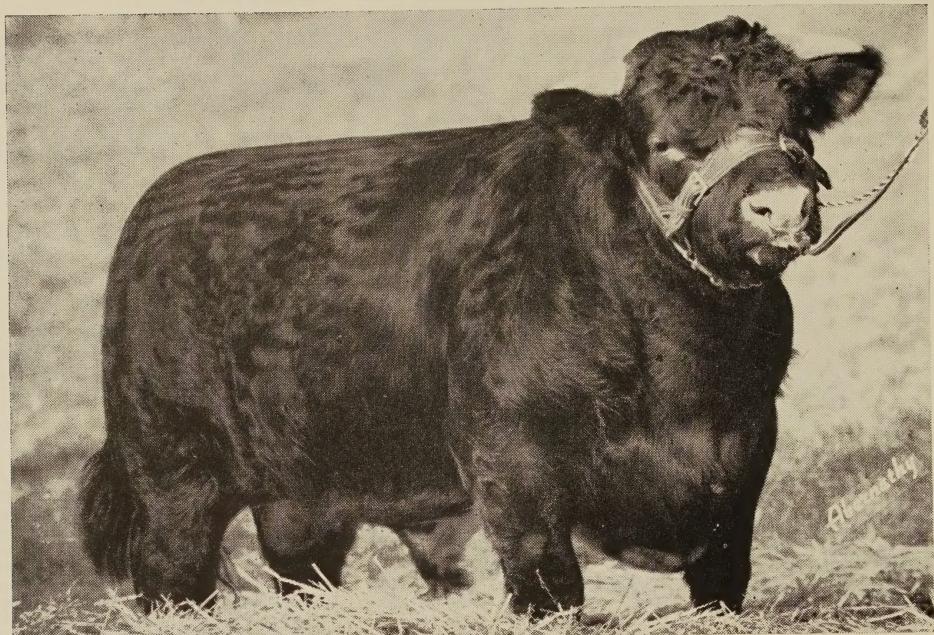

**Health**—The five herds participating in this sale are all under Federal supervision for Tuberculosis. A 60 day retest for Tuberculosis will be allowed. Calfhood vaccination for Bang's is also practiced in all five herds. Health certificates will be furnished that comply with the rigid health regulations of the State of Illinois.

**Guarantee**—All cattle will be sold under the standard guarantee adopted by the American Shorthorn Breeders' Association. This guarantee, printed in full elsewhere in this catalog, will form a contract between the buyer and seller of each lot. The sale manager was retained for sale promotion purposes only and is in no way responsible for the fulfillment of guarantees, the handling of the cattle or the condition of the premises. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but cattle will be at buyer's risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound and healthy condition.

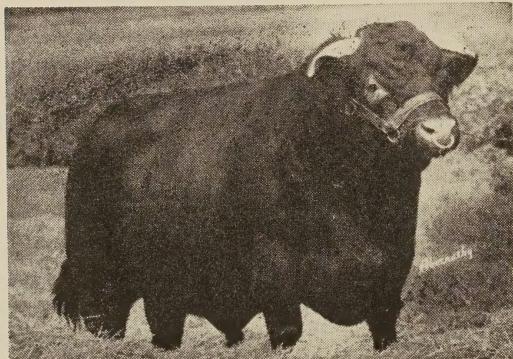

**Terms**—The terms of this sale are cash unless arrangements are made in advance. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed. Announcements made from the auction block take precedence over statements printed in this catalog.

**Liability**—The above guarantee and terms shall constitute a contract between the seller and the buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owner. We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests. Accidents at cattle sales are rare, but every person attending must do so at his own risk.

E L CARGILL—The opportunity bull of the year. Study his pedigree very carefully. His sire Cruggleton Cargill, one of the Cruggleton stock bulls that sold in the Marshall dispersion, was used successfully by Hugh Black at Banchory and was resold at 4000 guineas to a South African buyer. His dam is a direct daughter of Kirkton Heir, by the great Kirkton Baronet. This bull has good bone, exceptional depth of body, and we liked him well enough to mate 17 females before offering him for sale. Les Mathers sold a half brother by the same sire in his 1955 sale at \$3800 to Martin Katter, Wapakonta, Ohio. We are well fixed for herd bulls at Elm Crest or this bull would never be offered for sale.

**GAZING KING**—A good headed bull that we have used liberally in our herd during the past year. We like his pedigree because it represents a combination of the best Scottish and Canadian ancestry. His dam is a daughter of OAC Ransom O 23d, one of the greatest sires in the Ransom line. Gazing King is smooth, well balanced, deep quartered, with a level underline and plenty of bone and substance. He is certain to sire good calves.

**DEMOCRAT LEADER**—A very pleasing individual, low set, thick, very smooth and with perfect balance. He is out of Augusta Pride, one of our show cows and her dam was a Leveldale cow that has done exceptionally well for us. His grandsire, Louada Marshall, sired several females that produced the top selling bulls in the 1955 Louada sale. Here is a bull that is certain to make a fine record for his new owner.

**PRAIRIE KNOLL NEWSLINE**—Another rugged, typy, well balanced son of the 1952 International reserve junior champion, Leveldale News Flash. He is out of one of our best breeding cows and is a full brother to Prairie Knoll Headliner that was purchased in this same sale a year ago by Alva E. Erisman & Sons, Stanford, Illinois. A bull that has developed wonderfully and that could be right at the top in most big shows. Here is a bull that has all the earmarks of a great sire.

These five sweet heifers were consigned to this sale a year ago by Henry Behrends & Sons. Two of them were purchased by White Plains Farm, Mountville, South Carolina, and the others went to Lloyd Burr & Son, Lone Tree, Iowa, Jas. R. Cravens, Buffalo, Illinois and Wayne Niewold, New Holland, Illinois.

**BARCLAY AUGUSTA 13th**—This promising young heifer is one of the few daughters of Aldie Mainliner that we will offer for sale—nearly all his heifers are being retained. Note that her full sister, eleven months older, also sells. This is one of the most dependable imported families.

# Samples of the Kind you will find in this sale . . .

All of the cattle in this sale, with the exception of one imported animal, were bred on the farms of the consignors. This is a production sale, not a sale of speculator cattle. These are the tops from five of the best herds in Illinois.

THE MILLER KIND

Left—Augusta Gay, produced in the herd of H. P. & Leo D. Miller and a winner of many blue and purple ribbons. Kickapoo Farms purchased her in the 1954 Metz Invitational Sale.

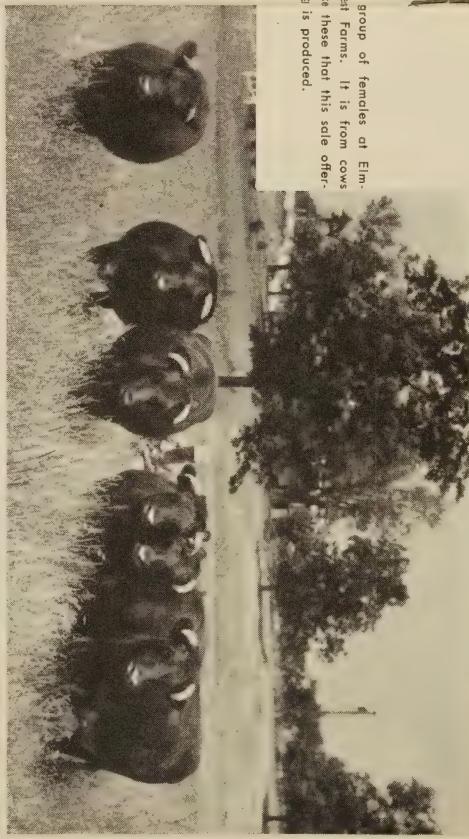

THE MENZ KIND

Left—Three beautiful daughters of Elvin's Heir produced in the Menz Farm herd. Two of them were purchased by critical buyers in the sale a year ago. The heifer at the left was retained in the herd.

Three choice heifers offered in this sale by Thorp Metz. From left to right, they are: Rosewood Nancy (lot 18); Brown Boss (lot 19); and Lavender Ann (lot 20).

A group of females of Elmcrest Farms. It is from cows like these that this sale offering is produced.

### **Breeders Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for calves at foot and unborn calves will be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

Eliza M 2d, purchased by White Plains Farm at \$1225. She is a daughter of Thruliner and her granddam is an imported cow by Calrossie High Finance. Bred by Thorp Metz.

H K Maplevale Rena, purchased by White Plains Farm at \$325. She is a daughter of Lo Mar Royal out of a dam by Sni-A-Bar Clarendon. Bred by H. P. & Leo D. Miller.

C. D. Bevis, owner of White Plains Farm, Mountville, South Carolina, came to this sale a year ago. Evidently he liked the cattle because he bought a bull and fourteen females. Three of the females are pictured on this page. The average cost of the fifteen head was \$516.

Luther K. Rice, Paris, Kentucky, one of the keenest cattlemen in the business, has been a purchaser in both of our previous sales. Last year, he bought four bulls and a heifer. The bulls all made money on resale and the heifer is a member of his permanent breeding herd. The average cost of the five head was \$387.

Wallace Campbell, noted judge and manager of the Brown-Forman Experimental Farms, Frankfort, Kentucky, bought four excellent females in this sale a year ago. The average cost was \$456, very moderate for females of such rich quality and breeding. Wallace says "I got a lot for my money in the sale at Metz Farm."
